SecondReadAI
Advanced evaluation of your mammogram
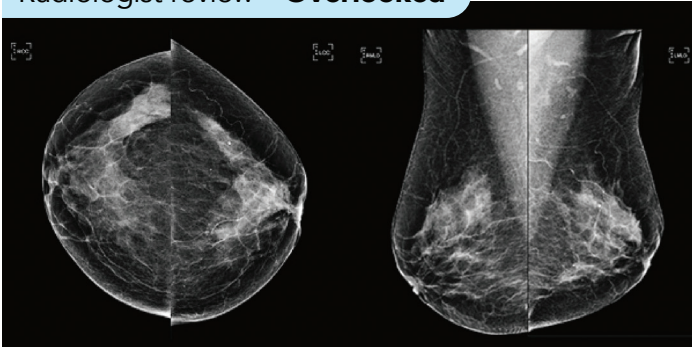

## Improve early breast cancer detection

Mammogram evaluations just got more precise! We offer SecondReadAI™ to perform a detailed, second analysis of your mammogram. It alerts our radiologists to any suspicious areas that may be too small for the human eye to identify.

See the SecondReadAI difference

Radiologist review – **Overlooked**

SecondReadAI review – **Abnormality found**

How does SecondReadAI help?

- Increases early-stage cancer detection up to 15%.[*+]
- Improves evaluation of dense breast tissue.[*+]
- Reduces unnecessary biopsies.[*+]

Choose SecondReadAI

Every patient wants to feel confident in the accuracy of their mammogram. SecondReadAI acts as a second set of eyes to review tiny details and helps provide you peace of mind.

Seek out the best mammogram possible with healthcare professionals that offer advanced technology. Early detection is important for better outcomes and helps you stay ahead of cancer.

SecondReadAI is an optional, self-pay service you may opt into at your appointment. Insurance does not cover this service but payments from health savings accounts can be applied.
